Material:

Steel comp xm-13

Material Specification:

Ams 5629 assn standard single material response

Surface Treatment:

Nickel

Surface Treatment Specification:

Lc+77-1055 cl 1 or cl 2 fscm 36659 mfr ref single treatment response

Test Data Document:

36659-lc+72-1076 standard (includes industry or association standards, individual manufactureer standards, etc.).

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
