Hole Diameter:

0.281 inches

Overall Length:

2.395 inches

Overall Width:

2.395 inches

Outside Corner Radius:

0.281 inches

Cross-sectional Height:

2.395 inches

Special Features:

Consists of 4 holes of equal dimensions

Material:

Nickel alloy 201

Material Specification:

Ams5553 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
