Cross Section Inside Diameter:

1.475 inches

Cross Section Outside Diameter:

Between 1.780 inches and 1.787 inches

Cross-sectional Height:

0.770 inches

Body Recess Diameter:

1.506 inches

Special Features:

Dry film lubricant mil-I-8937 on od only

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-225/6, t851 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
