Cross-sectional Height:

Between 0.250 inches and 0.280 inches

Center Hole Diameter:

Between 0.346 inches and 0.350 inches

Peripheral Diameter:

Between 0.386 inches and 0.390 inches

Material:

Rubber silicone class q

Material Specification:

Ams-3304 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
