Cross Sectional Shape:

Cup

Cross-sectional Thickness:

Between 0.365 inches and 0.366 inches

Cross-sectional Height:

Between 0.570 inches and 0.590 inches

Center Hole Diameter:

Between 3.447 inches and 3.450 inches

Peripheral Diameter:

4.180 inches

Material:

Plastic

Material Specification:

Mil-p-79 form r military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0

Mil-std (military Standard):

Mil-p-79 spec.
