Hole Diameter:

0.380 inches all holes

Bolt Circle Diameter:

4.000 inches

Outside Diameter:

Between 4.720 inches and 4.780 inches

Special Features:

Green polytetrafluoroethylene coating both sides convoluted area only, with convolutions on 3.375 in. Dia

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-250/8, h34 federal specification single material response

Surface Treatment:

Primer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
