**Hole Diameter:**

0.380 inches all holes

**Bolt Circle Diameter:**

4.000 inches

**Outside Diameter:**

Between 4.720 inches and 4.780 inches

**Special Features:**

Green polytetrafluoroethylene coating both sides convoluted area only, with convolutions on 3.375 in. Dia

**Material:**

Aluminum alloy 5052

**Material Specification:**

Qq-a-250/8, h34 federal specification single material response

**Surface Treatment:**

Primer

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A032a0
