Hole Diameter:

0.380 inches all holes

**Bolt Circle Diameter:** 

4.000 inches

**Outside Diameter:** 

Between 4.720 inches and 4.780 inches

**Special Features:** 

Green polytetrafluoroethylene coating both sides convoluted area only, with convolutions on 3.375 in. Dia

Material:

Aluminum alloy 5052

**Material Specification:** 

Qq-a-250/8, h34 federal specification single material response

**Surface Treatment:** 

Primer

Shelf Life:

N/a

**Unit Of Measure:** 

--

Demilitarization:

No

Fiig:

A032a0
