Cross-sectional Height:

Between 0.083 inches and 0.089 inches

Center Hole Diameter:

Between 1.200 inches and 1.212 inches

Peripheral Diameter:

1.312 inches

Material:

Rubber fluorocarbon class fpm

Material Specification:

Ams 7279 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
