Cross Sectional Shape:

Cup

Cross-sectional Height:

1.125 inches

Center Hole Diameter:

Between 8.937 inches and 8.947 inches

Peripheral Diameter:

Between 9.982 inches and 9.990 inches

Angle:

24.0 degrees

Material:

Steel comp 1015

Material Specification:

Astm a108 comp 1015 assn standard single material response

Surface Treatment:

Silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
