Overall Length:

0.812 inches

Product Name:

Seal, rubber

Special Features:

diameter 5.1125in ; base material thickness 0.172in min and 0.187in max; recess major inside diameter 3.625in ; feather edge angle45.0 degrees

Material:

Rubber both ends cut

Material Specification:

Enrup 2571-f6, uniroyal inc mfr ref single material response both ends cut

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
