Cross Sectional Shape:

O-ring

Cross-sectional Height:

Between 0.061 inches and 0.067 inches

Center Hole Diameter:

Between 0.234 inches and 0.244 inches

Material:

Rubber

Material Specification:

39-027, fscm 02697 mfr ref single material response

Departure From Cited Designator:

As modified by material

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
