Cross Sectional Shape:

Square

Fabrication Method:

Braided

Min. Tensile Strength (psi):

Not rated

Tempurature Rating:

Not rated

Length:

Between 7.380 inches and 7.440 inches

Cross-sectional Height:

0.250 inches

Cross-sectional Width:

0.250 inches

Lubrication Material:

Graphite

Material:

Asbestos cord

Material:

Asbestos

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
