## NSN 5330-00-580-0575

Preformed Packing - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5330-00-580-0575

Cross Sectional Shape:
O-ring
Cross-sectional Height:
Between 0.135 inches and 0.143 inches
Center Hole Diameter:
Between 0.915 inches and 0.927 inches
Material:
Rubber synthetic
Reference Number Differentiating Characteristics:
Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A032a0
