Cross Sectional Shape:

O-ring

Cross-sectional Height:

0.094 inches

Center Hole Diameter:

1.562 inches

Material:

Rubber synthetic

Material Specification:

Psi30-5, fscm 83259 mfr ref single material response or 711-70, fscm 86579 mfr ref single material response or 479-70, fscm 86579 mfr ref single material response or 1052, fscm 91265 mfr ref single material response or It7-70-0, fscm 81168 mfr ref single material response or 10-70w, fscm 73227 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
