Cross Sectional Shape:

Cup

Cross-sectional Height:

Between 0.050 inches and 0.060 inches

Center Hole Diameter:

Between 4.192 inches and 4.200 inches

Peripheral Diameter:

Between 4.378 inches and 4.406 inches

Angle:

Between 44.0 degrees and 46.0 degrees

Material:

Stainless steel

Material Specification:

Ams 5613 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
