Cross Sectional Shape:

O-ring

Cross-sectional Height:

Between 0.100 inches and 0.106 inches

Center Hole Diameter:

Between 2.660 inches and 2.690 inches

Material:

Rubber fluorocarbon class fpm

Material Specification:

Ams-7278 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
