Cross Sectional Shape:

Single lip

Accommodated Shaft Diameter:

7.410 inches

Housing Bore Diameter:

8.910 inches

Construction:

Solid

Material:

Rubber natural sealing element

Material Specification:

Bms1-24b fscm 82918 mfr ref single material response sealing element

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
