Cross Sectional Shape:

Cup

Cross-sectional Height:

Between 0.059 inches and 0.060 inches

Center Hole Diameter:

Between 0.470 inches and 0.480 inches

Peripheral Diameter:

Between 0.744 inches and 0.748 inches

Angle:

30.0 degrees

Material:

Steel

Material Specification:

Ams5610 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
