Cross Sectional Shape:

Delta

Cross Section Outside Diameter:

0.568 inches

Cross-sectional Height:

0.050 inches

Center Hole Diameter:

0.4905 inches

Angle:

45.0 degrees

Material:

Plastic polyhexamethylene amide

Material Specification:

Ams 3617 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
