Cross Sectional Shape:

O-ring

Cross-sectional Height:

Between 0.045 inches and 0.052 inches

Center Hole Diameter:

Between 0.639 inches and 0.641 inches

Joint Type:

Scarf-peripheral one side

Material:

Plastic polytetrafluoroethylene

Material Specification:

Ams 3651 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
