**Cross-sectional Height:**

Between 0.453 inches and 0.485 inches

**Center Hole Diameter:**

Between 0.703 inches and 0.708 inches

**Peripheral Diameter:**

Between 1.062 inches and 1.067 inches

**Special Features:**

Tapered counterbore

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-225/6, temper t4 or t6 federal specification single material response

**Surface Treatment:**

Cadmium and chromate

**Surface Treatment Specification:**

Qq-p-416, cl 3 federal specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A032a0
