Cross Sectional Shape:

V

Cross-sectional Height:

Between 0.090 inches and 0.100 inches

Center Hole Diameter:

Between 1.865 inches and 1.875 inches

Peripheral Diameter:

2.118 inches

Material:

Plastic polytetrafluoroethylene

Material Specification:

Ams 3651 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
