**Accommodated Shaft Diameter:**

Between 9.000 inches and 9.020 inches

**Seal Width:**

0.688 inches

**Housing Bore Diameter:**

10.250 inches

**Construction:**

Solid

**Material:**

Rubber butadiene-acrylonitrile class nbr sealing element

**Material Specification:**

417, ty s, cl sb, gr 515abe3f1 military standard single material response sealing element

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A032a0
