Cross Sectional Shape:

O-ring

Cross-sectional Height:

0.103 inches

Center Hole Diameter:

0.674 inches

Hardness Rating:

70.0 shore durometer a

Color:

Black

Material:

Rubber

Material Specification:

363-70, plastic and rubber products corporation mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
