Cross Sectional Shape:

Rectangular

Fabrication Method:

Cellular, exploded

Overall Length:

72.500 inches

Cross-sectional Height:

0.875 inches

Cross-sectional Width:

0.375 inches

Construction:

Solid

Material:

Rubber chloroprene class cr

Material Specification:

670, style o, gr 3z military standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
