Cross Sectional Shape:

Rectangular

Overall Length:

7.540 inches

Overall Width:

0.130 inches

Cross-sectional Height:

0.130 inches

Cross-sectional Width:

0.140 inches

Special Features:

Mildew-resistant treated; both ends cut at 30 degrees angle on opposite sides

Material:

Wool comp 16r1

Material Specification:

C-f-206 federal specification single material response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
