Cross Sectional Shape:

Cup

Cross-sectional Height:

0.688 inches

Center Hole Diameter:

Between 6.124 inches and 6.136 inches

Peripheral Diameter:

Between 6.889 inches and 6.894 inches

Angle:

43.0 degrees

Material:

Steel comp 1008 or steel comp 1009 or steel comp 1010 or steel comp 1011 or steel comp 1012 or steel comp 1013 or steel comp 1015

Material Specification:

Aisi assn standard all material responses

Surface Treatment:

Silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
