Cross Sectional Shape:

O-ring

Cross-sectional Height:

Between 0.084 inches and 0.090 inches

Center Hole Diameter:

Between 0.639 inches and 0.649 inches

Material:

Rubber fluorosilicone class fq

Material Specification:

Ls-53, fscm 71984 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
