### **Cross Sectional Shape:**

O-ring

**Cross-sectional Height:** 

Between 0.084 inches and 0.090 inches

## Center Hole Diameter:

Between 0.639 inches and 0.649 inches

#### Material:

Rubber fluorosilicone class fq

## Material Specification:

Ls-53, fscm 71984 mfr ref single material response

Shelf Life:

N/a

---

Unit Of Measure:

Demilitarization:

No

Fiig:

A032a0
