Cross Sectional Shape:

O-ring

Cross-sectional Height:

Between 0.021 inches and 0.041 inches

Center Hole Diameter:

Between 0.396 inches and 0.416 inches

Material:

Rubber chloroprene class cr

Material Specification:

Ams-3209 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
