Cross Sectional Shape:

O-ring

Cross-sectional Height:

Between 0.047 inches and 0.053 inches

Center Hole Diameter:

Between 0.620 inches and 0.630 inches

Material:

Rubber silicone class q

Material Specification:

Ams-3304 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
