Cross Sectional Shape:

V

Cross-sectional Height:

Between 0.042 inches and 0.048 inches

Center Hole Diameter:

Between 0.513 inches and 0.523 inches

Peripheral Diameter:

Between 0.619 inches and 0.629 inches

Material:

Rubber fluorocarbon class fpm

Material Specification:

Ams 7279 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
