Cross Sectional Shape:

V

Cross-sectional Height:

Between 0.042 inches and 0.048 inches

Center Hole Diameter:

Between 0.638 inches and 0.648 inches

Peripheral Diameter:

Between 0.744 inches and 0.754 inches

Material:

Rubber fluorocarbon class fpm

Material Specification:

Ams 7279 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
