Cross Sectional Shape:

Rectangular metal

Hole Diameter:

0.375 inches

Overall Length:

4.062 inches

Overall Width:

4.062 inches

Aperture Diameter:

3.062 inches

Center To Center Distance Between Bolt Holes Along Width:

3.500 inches

Center To Center Distance Between Bolt Holes Along Length:

3.500 inches

Cross-sectional Thickness:

0.031 inches

Special Features:

Four holes 0.172 diameter located 2.875 in. Along the length and width of gasket

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
