Cross-sectional Height:

0.290 inches

Center Hole Diameter:

Between 0.379 inches and 0.382 inches

Peripheral Diameter:

Between 0.870 inches and 0.872 inches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-268 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
