Cross Sectional Shape:

O-ring

Cross-sectional Height:

Between 0.133 inches and 0.145 inches

Center Hole Diameter:

Between 1.343 inches and 1.375 inches

Material:

Rubber

Material Specification:

Hs701, united aircraft corporation mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
