Cross Sectional Shape:

Square

Fabrication Method:

Solid or woven

Cross-sectional Height:

0.250 inches

Cross-sectional Width:

0.250 inches

Material:

Rubber, ams 3195

Material:

Rubber silicone class q

Material Specification:

Ams 3195 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
