Cross Sectional Shape:

Rectangular

Fabrication Method:

Cellular, exploded

Cross-sectional Height:

1.000 inches

Cross-sectional Width:

0.125 inches

Special Features:

Pressure sensitive adhesive on one side

Material:

Plastic, polyurethane or plastic, polyethylene

Material:

Plastic polyurethane or plastic polyethylene

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
