Cross-sectional Height:

Between 0.020 inches and 0.030 inches

Center Hole Diameter:

Between 0.375 inches and 0.395 inches

Peripheral Diameter:

Between 0.640 inches and 0.660 inches

Material:

Aluminum alloy

Material Specification:

Qq-a-200/3 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
