Cross Sectional Shape:

Square

Fabrication Method:

Braided

Min. Tensile Strength (psi):

Not rated

Tempurature Rating:

Not rated

Length:

5.500 inches

Cross-sectional Height:

0.250 inches

Cross-sectional Width:

0.250 inches

Friction Treatment Material:

Rubber

Material:

Asbestos

Material:

Asbestos

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
