Cross Sectional Shape:

Rectangular

Cross-sectional Height:

Between 0.056 inches and 0.070 inches

Cross-sectional Width:

Between 0.110 inches and 0.140 inches

Material:

Wool comp 16r1x

Material Specification:

C-f-206 federal specification single material response

Fsc Application Data:

Pyrotechnic projector, automatic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
