Cross Sectional Shape:

O-ring

Cross-sectional Height:

Between 0.067 inches and 0.073 inches

Center Hole Diameter:

Between 0.610 inches and 0.620 inches

Material:

Rubber

Material Specification:

920-70, fscm 25184 mfr ref single material response or 17007, fscm 25184 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
