Cross Sectional Shape:

Rectangular

Cross-sectional Height:

Between 0.111 inches and 0.139 inches

Cross-sectional Width:

Between 0.188 inches and 0.204 inches

Material:

Wool comp 12r1

Material Specification:

C-f-206 federal specification single material response

Specification Or Standard:

1 type and 12ri class

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
