Cross Sectional Shape:

Rectangular

Overall Length:

2.062 inches

Cross-sectional Height:

0.188 inches

Cross-sectional Width:

0.125 inches

End Application:

F-5 landing gear component

Criticality Code Justification:

Agav

End Cut Angle:

45.0 degrees

Product Name:

Felt strip, packing gland

Color:

White

Material:

Wool comp 12r1

Material Specification:

C-f-206, type i federal specification single material response

Style Designator:

Strip

Fsc Application Data:

1630-00-227-4988

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A08400
