Cross Sectional Shape:

O-ring

Temperature Rating:

-40.0 degrees fahrenheit and 400.0 degrees fahrenheit

Cross-sectional Height:

Between 0.100 inches and 0.106 inches

Center Hole Diameter:

Between 12.360 inches and 12.490 inches

Color:

Black

Material:

Rubber fluorocarbon class fpm

Material Specification:

Ems 53105, fscm 99193 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
