Cross Sectional Shape:

V

Cross-sectional Height:

Between 0.184 inches and 0.188 inches

Center Hole Diameter:

Between 4.370 inches and 4.380 inches

Peripheral Diameter:

Between 4.384 inches and 4.403 inches

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-225/8 alloy 6061 t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
