Cross-sectional Height:

Between 0.135 inches and 0.145 inches

Center Hole Diameter:

Between 12.258 inches and 12.348 inches

Material:

Rubber silicone class q sealing element

Material Specification:

Ams-3304 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
