Accommodated Shaft Diameter:

0.812 inches

Seal Width:

Between 0.084 inches and 0.094 inches

Housing Bore Diameter:

Between 1.027 inches and 1.032 inches

Construction:

Split

Material:

Steel comp 302 spring

Material Specification:

Aisi assn standard single material response spring

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
