Cross-sectional Height:

Between 0.444 inches and 0.466 inches

Center Hole Diameter:

Between 0.740 inches and 0.760 inches

Peripheral Diameter:

Between 1.448 inches and 1.558 inches

Material:

Aluminum alloy 2024

Material Specification:

Ams 4120 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
